## Sauzipf Rocks 9 – 08/08 and 09/08/2008:

Who believes Carinthia is only interesting as a holiday area in summer for aged German couples and extended Dutch families, is profoundly wrong. On the 8th and 9th of August the time has come: already for the 9th time in contemplative Döbriach the festival with a little difference will take place.

In the midst of mountains and woods, barely 10 minutes away from the Lake of Millstatt, 18 international and national acts will arrange it so that not a stone will be left standing. Selecting the bands we chose a way which does not even shave the well constructed and far too used highway of musical mainstream.
